1. Purpose

The purpose of this Memorandum of Understanding is to promote **academic cooperation, research collaboration and international educational development** between the two institutions.

Both parties recognise the value of international academic collaboration and wish to establish a framework for cooperation in areas of mutual interest.

2. Areas of Cooperation

Cooperation under this Memorandum may include:

- exchange of scholars, researchers and faculty members
- development of joint research initiatives
- participation in international research programmes and funding opportunities
- organisation of academic conferences, seminars and workshops
- exchange of academic materials and publications
- development of joint academic programmes and educational initiatives.

3. Academic Mobility

The parties may explore opportunities for academic mobility and exchange programmes, including cooperation within international frameworks such as:

- Erasmus+
- Horizon Europe
- other international mobility or research programmes.

Specific mobility arrangements may be defined through separate agreements between the institutions.

4. Implementation

The specific activities developed under this Memorandum will be agreed upon by both institutions and coordinated through the relevant academic departments or international offices.

5. Non-Binding Agreement

This Memorandum of Understanding represents a **statement of intent to cooperate** and does not create legally binding obligations for either party.

Each institution remains responsible for its own activities and resources related to the implementation of collaborative initiatives.

6. Duration

This Memorandum shall remain valid for **five (5) years** from the date of signature and may be renewed by mutual agreement.

Either institution may terminate the agreement by written notice.
